## THE BIG LANDSLIDE

Later Returns Show That Missouri Went For National Republican Ticket.

## DEMOCRATIC GOVERNOR ELECTED

Roosevelt and Fairbanks Carried West Virginia by a Plurality Estimated at Between 20,000 and 25,000.

Minnesota Went Republican by a Majority of 105,000. But a Democratic Governor Was Elected.

On the Face of the Unofficial Returns Maryland Is Republican on the National Ticket by a Small Majority.

The Socialist Ticket Made Astonishing Gains in Many Places, Particularly in Chicago and Milwaukee—The Result in Indiana.

New York, Nov. 10.—With the election returns still incomplete, the plurality of President Roosevelt in the nation, according to all indications, will exceed 1,500,000, the greatest plurality ever given an American candidate. The nearest approach to this vote was in 1896, when McKinley received a plurality of approximately 550,000 and in 1872, when Grant received 762,991 plurality.

The interest centers in Missouri and Maryland. Late returns indicate that the former state is in the republican column so far as presidential electors are concerned, but that Joseph W. Folk, the democratic candidate, has been elected governor. In Maryland, the presidential ticket will probably be cast for President Roosevelt, while the gubernatorial ticket, Thomas A. Smith, dem., has been elected to congress in the first district by 450 plurality.

Congressman Jackson, of this district, Wednesday night, however, puts forward a claim of trick ballots and fraud and says he will contest the election. In the other states it is simply a question of pluralities.

The "solid south" was broken by the probable defection of Missouri—this section of the country usually having 13 states in the democratic column. The figures Wednesday night showed 12 states with 133 votes for Judge Folk.

President Roosevelt carried all the northern states—except them, in fact—and Wednesday night he had 343 electoral votes.

New York, Nov. 10.—From the returns received late Wednesday night the electoral vote stands as follows:

FOR ROOSEVELT.	
California	10
Connecticut	7
Delaware	3
Colorado	6
Illinois	27
Indiana	15
Iowa	13
Kansas	10
Massachusetts	16
Maryland	8
Missouri	18
Montana	3
Michigan	11
Minnesota	11
Nevada	3
Nebraska	8
New Hampshire	4
New York	32
New Jersey	12
North Dakota	4
Ohio	23
Oregon	4
Pennsylvania	34
Total	343

## OHIO.

Columbus, O., Nov. 10.—Almost complete unofficial returns Wednesday night indicate that the republican ticket in Ohio is between 210,000 and 215,000, or over three times the plurality this state ever gave any national ticket. About a dozen counties have been carried by the republicans for the first time, which means radical changes in county and other local offices. The aggregate plurality of the 18 counties carried by the democrats is only 10,738, or less than the republican plurality in either of a half dozen counties, one-half that of Cuyahoga and much less than one-third that of Hamilton county. The republicans gained three congressmen by carrying all of the congressional districts except the Fourth, in which Harvey C. Garber was re-elected by 1,600, or less than one-third the usual democratic plurality of that district. The only close contest was in the election of Dawes, rep., over Schuler, dem., in the 15th congressional district, which gave Roosevelt over 8,000 plurality and Dawes only 200. The official count is awaited with interest in the 15th district, which as constituted now was never lost by the republicans. Dawes secured the nomination after a bitter contest, after which his opponents for the nomination carried the fight to the polls. It is noted that the largest republican gains came from the mining and laboring districts, although all of the 88 counties showed such gains, except Pike county, which had a democratic gain of 26.

Cleveland, O., Nov. 10.—Cleveland city and Cuyahoga county complete give Roosevelt 57,272, Parker 23,338. Roosevelt's plurality being 34,004, the largest ever given a candidate for an electoral office in this county. R. C. Wright, for county auditor, was the only democrat elected on the county ticket.

## KENTUCKY.

Louisville, Nov. 10.—Returns from the precincts in the state are coming in with unprecedented slowness. In Warren county five precincts are missing and it is estimated that these will swell Richardson's majority to 400. In this (fifth) district Shierley's majority over Owens for congress is 1,323 and Parker's plurality in the district is 733. Latest returns from the Ninth district indicate that Kehoe has been elected to congress by between 500 and 600 majority. The latest figures in the other congressional districts are as follows:

First District—Ollie M. James, dem., plurality of 5,342 in 126 precincts out of 198. Second District—A. O. Stanley, dem., plurality of 4,133 in 172 precincts out of 378. Fourth District—David H. Smith, dem., plurality of 5,596 in 185 precincts out of 196. Sixth District—Joseph L. Rhinock, dem., plurality of 2,516 in 141 precincts out of 178. The 37 missing precincts are in Kenton and Campbell counties. Seventh District—South Trimble, dem., plurality of 7,356, with two missing precincts. Eighth District—C. G. Gilbert, dem., plurality of 2,272, with four missing precincts. Eleventh District—D. C. Edwards, rep., plurality of 7,332, with 118 precincts missing out of a total of 244, all republicans.

Returns from 1,734 precincts out of 2,038 in the state give Parker a plurality of 21,439. Many of the strongly republican mountain counties are to be heard from, however, and it is not believed Parker has carried the state by over 15,000. For the first time in 12 years, in a presidential election, the democrats carried Louisville and Jefferson county.

## NEBRASKA.

Omaha, Neb., Nov. 10.—Probably complete returns will be required to determine who is elected governor of Nebraska. Outside of Governor, however, the republicans have made a clean sweep or national, state, congressional and legislative tickets. For governor both sides exhibit figures which they say will substantiate their claims for the election of their respective candidates.

President Roosevelt carried the state by probably 75,000. Only two congressional districts, the Second and Third, were at any time in doubt and Wednesday's figures place them in the republican column, thus giving a solid republican delegation from Nebraska.

The legislative returns are still quite incomplete, but from figures available it is reasonably certain that both houses of the legislature will be republican.

The socialist vote was a complete surprise and affected the local tickets to a large extent, the greater defection to their ranks coming from the democrats. Lincoln, Neb., Nov. 10.—While not conceding defeat in so many words, managers of the fusion campaign in Lincoln admitted Wednesday night that on the face of the returns the republicans had carried everything, including the head of the state ticket, which was the only office in serious doubt. No figures are offered at fusion headquarters, but figures elsewhere indicated that Gov. Mickey, who is low man on the ticket, will have a plurality of not less than 9,000. The next legislature will probably stand: Senate—Republican, 32; fusionists, 1. House—Republicans, 78; fusionists, 22.

## ILLINOIS.

Chicago, Nov. 10.—The returns from the state outside of Chicago have come in slowly. The figures show that Roosevelt has carried the state by over 250,000, the exact number, with quite a number of districts yet to be heard from, being 252,245. The plurality of Roosevelt for governor is placed at 274,000.

Roosevelt carried the city of Chicago by 107,239 and the county of Cook outside of the city by 16,182, making his total plurality in Cook county 123,421. In 1896, 42 out of 102 counties in the state went democratic by 21,716. This year the same counties show a republican plurality of 4,675, 22 of them going republican and the remaining 20 reducing their democratic pluralities almost to nothing. Calhoun county went for Roosevelt by a plurality of one vote. The republicans have made heavy gains in the state legislature and will have a majority of 60 on joint ballot. In congress Illinois has gained six congressmen, the democrats retaining but two districts in the state. The two democratic congressmen will be Henry T. Rainey, in the 20th district, and Martin D. Foster, in the 23d.

St. Paul, Minn., Nov. 10.—When all the returns shall have been received, it is claimed now, that Roosevelt's majority will run close to 125,000, if not more. An estimate made Wednesday from incomplete returns indicates 100,000 majority. The republicans elected the entire legislative assembly without a shadow of doubt, and the rest of the state ticket, including a state legislature, which is strongly republican on joint ballot.

John A. Johnson, dem., and Ray W. Jones, rep., were re-elected governor and lieutenant governor respectively. There is no doubt as to Johnson's election and the only matter of speculation is the size of his majority over Robert C. Dunn, the republican candidate. Returns from 50 of the 81 counties in the state received Wednesday by the Dispatch indicate a majority of 9,294 and further figures were received to indicate that those not heard from would raise the total over 15,000. Of this total Minneapolis and Hennepin county furnished 5,100 and St. Paul and Ramsey county gave 1,320.

The election of a democratic governor is the second in the history of the state.

## MINNESOTA.

St. Paul, Minn., Nov. 10.—When all the returns shall have been received, it is claimed now, that Roosevelt's majority will run close to 125,000, if not more. An estimate made Wednesday from incomplete returns indicates 100,000 majority. The republicans elected the entire legislative assembly without a shadow of doubt, and the rest of the state ticket, including a state legislature, which is strongly republican on joint ballot.

The election of a democratic governor is the second in the history of the state.

## WISCONSIN.

Milwaukee, Nov. 10.—The result of the election in Wisconsin shows that Roosevelt ran ahead of every ticket and carried the state by a plurality estimated at between 60,000 and 75,000; that Gov. La Follette has been re-elected by a plurality of about 50,000 and that the congressional complexion remains unchanged from two years ago. The legislature, which is to elect a United States senator to succeed Joseph V. Quarles, is largely republican and the question of whether Wisconsin shall have a primary election law has been carried by a safe majority. One of the surprises in the election was the big increase in the vote of the social democratic party. Four years ago that party polled 4,458 votes in Milwaukee county, two years ago 10,704 and in this election 18,120. The social democrats elected four assemblymen and one senator to the legislature.

## MASSACHUSETTS.

Boston, Nov. 10.—The returns from the state show that the republican presidential electors received a plurality of 86,279, in a total vote of 422,625 cast by the republican and democratic parties. The votes for president and the head of the state ticket were: Roosevelt, 254,552; Parker, 18,273; plurality for Roosevelt, 86,279. For governor, Douglas, dem., 234,211; Bates, rep., 198,901; Douglas's plurality, 35,710. Both the total vote of the two parties and the republican plurality for presidential electors are the largest ever returned in the state. The margin for Roosevelt exceeds by nearly 6,000 the then unprecedented plurality given McKinley in 1900. With the exception of Gov. Bates, the republican state ticket was elected by substantial pluralities. The legislature is overwhelmingly republican.

## MARYLAND.

Baltimore, Nov. 10.—On the face of the unofficial returns of the votes cast on Tuesday received here up to a late hour Wednesday night, Maryland is republican on the presidential ticket by a small majority. An official count may be required to decide the result. Three republican congressmen, Frank C. Wachter, Sydney E. Mudd and George A. Pearre, surely re-elected by material majorities. Three democrats, Thomas A. Smith, J. F. C. Talbot, re-elected, and John Gill, were returned, elected. Congressman W. H. Jackson, rep., of the First district, claims that "frauds or trick ballots" were used in the district, and while he admits that the count of the ballots show that Smith was elected, says that he will contest the seat before the house of representatives.

## DELAWARE.

Wilmington, Del., Nov. 10.—Complete but unofficial returns give Roosevelt a plurality of 4,100 in Delaware. Preston Lea, the republican compromise candidate for governor, carried the state by the republican compromise state ticket has a majority ranging from 3,700 to 3,800. Dr. Joseph H. Chandler, independent republican, polled about 100 votes, which accounts for Lea's reduced plurality. Hiram R. Burton, rep., who succeeds Henry A. Houston, dem., in congress, received a plurality of 3,400.

The indications at present are that the next Delaware legislature will again be deadlocked on the question of electing a United States senator to succeed Senator Hall, whose term expires March 4.

## COLORADO.

Denver, Colo., Nov. 10.—Roosevelt's plurality in Colorado has been increased by later returns and may run above 15,000. Republicans and democrats claim the election of governor and congressman-at-large, and the republicans threaten to contest the state election on grounds of alleged frauds in Denver. On the face of nearly complete returns, Adams has carried Denver county by 4,500 plurality and he appears to have a safe lead over Peabody in those general offices. According to the returns in the Times Adams' plurality in the state is a little over 10,000. The Times concedes that the result is in doubt as to the other state offices, but claims the legislature to be democratic in both branches.

## RHODE ISLAND.

Providence, Nov. 10.—Complete state returns show that in Tuesday's election President Roosevelt received the largest vote ever cast in Rhode Island, and his plurality of 16,000 is greater, with the exception of that of 1896, than any presidential candidate ever was given before. Lieut. Gov. Geo. W. Utter, rep., who succeeds L. F. C. Garvin, dem., candidate for a third term, had but 694 plurality over his opponent. Gov. Garvin carried every city in the state, but was defeated in the country districts. The republicans carried all the general offices by generous margins, and the next general assembly will stand 23 democrats and 89 republicans in joint ballot.

## WEST VIRGINIA.

Wheeling, Nov. 10.—The republican victory in West Virginia is complete. Roosevelt's plurality over Parker is between 20,000 and 25,000, and may exceed these figures. Dawson is elected governor by a plurality probably exceeding 4,000. All five of the republican congressional nominees are successful. The legislature will slowly. The figures show that Roosevelt has carried the state by over 250,000, the exact number, with quite a number of districts yet to be heard from, being 252,245. The plurality of Roosevelt for governor is placed at 274,000.

only 78 have been heard from. The last estimate of Roosevelt's plurality is about 2,000. The congressional fight is still in doubt, with Yearlington, rep., leading Van Duser, dem., by 145 in the precincts heard from. Both parties claim the legislature, but the most conservative democrats concede it to the republicans by about two votes.

## GEORGIA.

Atlanta, Nov. 10.—Returns from 108 out of 137 counties in Georgia give the democratic electors a total of 68,680; republican electors, 18,006, and populist electors, 16,880. With 29 counties still to be heard from, the Constitution estimates Parker's plurality at about 65,000, which is much larger than was expected. All 11 democratic congressmen were elected.

## MAINE.

Portland, Me., Nov. 10.—Practically complete returns gave the republican presidential electors in Maine a plurality of 37,500. The plurality of 1900 was 28,000. In 465 of the 519 cities, towns and plantations President Roosevelt received 61,334 votes and Parker 27,288. This was a net republican gain of 8,818 over four years ago.

## ALABAMA.

Montgomery, Nov. 10.—Telegrams to the Advertiser from the Seventh district confirm the re-election of Congressman Burnett, dem., by 2,000 majority. One county in the district (Winston) went for Powell, fusion, by 100 majority. The plurality of Parker and Davis is about 75,000.

## ARIZONA.

Phoenix, Nov. 10.—The election of Smith, dem., for congress, is conceded by at least 500. The legislature will be democratic by probably two-thirds.

## PENNSYLVANIA.

Philadelphia, Nov. 10.—Complete returns from 55 of the 67 counties in Pennsylvania and estimates of the total in the remaining 12 counties show that Roosevelt had 821,977 votes, Parker 339,455, a plurality for Roosevelt of 482,522. The official count will undoubtedly increase Roosevelt's plurality to 400,000, and possibly more.

## LOUISIANA.

New Orleans, Nov. 10.—Louisiana's plurality for the national democratic ticket is about 25,000. The plurality in this city will only be about 14,000, owing to the independent ticket being large and complicated, and many did not vote the national ticket at all.

## MONTANA.

Butte, Nov. 10.—Roosevelt has carried Montana by 7,300. Gov. Toole, dem., has been re-elected by about 800. The majority of the state republican ticket is elected, and the next legislature, which is to elect a successor to United States Senator Gibson, will be overwhelmingly republican.

## THE BESIEGED.

Their Condition Is Reported As Being Terrible.

London, Nov. 10.—Special dispatches from Port Arthur and Chefoo, which are printed in Thursday morning newspapers add little to the recent news of the besieging operations at Port Arthur, but give terrible descriptions of the conditions of the besieged.

The Daily Mail's correspondent before Port Arthur describe the Russian killed and those taken prisoners as greatly emaciated, and asserts that the men subsist entirely on a daily ration of less than two pounds of black bread.

The Daily Telegraph's Chefoo correspondent declares that the task of burying the bodies of the slain at Port Arthur is now beyond control, and that the corpses are simply pitched into the new dock excavations near Golden Hill, and where there is only a few feet of water.

The condition of the helpless women is heartrending. Several groups of them going to market have been blown to pieces. The street scenes there are said to be sickening.

Bennett Burleigh also sends to the Daily Telegraph a harrowing picture of the condition of the wounded in Port Arthur, of whom vast numbers are lying unattended within the inner forts. In the name of common humanity, he thinks, some effort should be made in behalf of the helpless sufferers, and he suggests that as soon as possible they should be taken upon neutral ships flying the Red Cross, and transferred to hospitals at Chefoo and Shanghai.

## GOV.-ELECT HANLY.

He Was Exposed to a Case of Smallpox at His Home.

Lafayette, Ind., Nov. 10.—J. Frank Hanly, governor-elect of Indiana, is confined to his home, having been exposed to smallpox Sunday, and does not care to leave the house till he learns whether he has contracted the disease. Robert Potts took dinner with Union B. Hunt, ex-secretary of state, and other republican leaders at the Hanly home Sunday. Potts was broken out at the time with smallpox in a virulent form, but the disease was not diagnosed till that night. Physicians say there may be no danger, as there was no fever when Potts was at the Hanly home.

Indianapolis, Ind., Nov. 10.—A special from Lafayette, Ind., says: The report sent out from here to the effect that J. Frank Hanly, governor-elect, had been exposed to smallpox, and as a result was confined to his home is a hoax. Mr. Hanly, with Mrs. Hanly and his daughter, Miss Ethel, was Wednesday night the guest at dinner at the home of a friend.

## TO INCREASE NAVY

The General Board Recommends That Three More Battleships Be Constructed.

## ALSO FIVE SCOUT CRUISERS.

Six Torpedo Boat Destroyers, Six Torpedo Boats and Two Squadron Colliers at a Cost of \$41,300,000.

The Secretary of the Navy Will Urge Congress to Authorize Their Construction at the Next Session of the Congress.

Washington, Nov. 10.—Three battleships, five scout cruisers, six torpedo boat destroyers, six torpedo boats and two squadron colliers, at an aggregate maximum cost of \$41,300,000, is the building program which the general board of the navy has recommended the secretary of the navy to urge congress to authorize at its next session. Secretary Morton will refer the recommendations to the board on construction for comment and indorsement, and will base his recommendation to congress on the reports of the two boards. The general board's recommendation are signed by Adm. Dewey, president of the board. Homogeneity is urged by the board as the great need of them. Partly for this reason and partly because a general commendation at home and abroad for the latest type of American battleship the board suggests that the new battleship shall be of the general type of the Connecticut class.

This would give the navy nine first-class battleships of 16,000 tons displacement each. The board estimates that the complete cost of each of the new battleships when ready for sea will not exceed \$8,000,000, making a total of \$72,000,000 recommended for new battleships.

Great speed is urged as the feature of the five scout cruisers recommended. Two million dollars is the estimated limit of cost of each of these ships.

In character they will follow the general lines of the Chester, Birmingham and Salem authorized by the last congress, which have a displacement of 4,000 tons.

The board thinks that the six torpedo boat destroyers and six torpedo boats recommended should have greater size and seaworthiness than previously built vessels of the class. The board desires that the new destroyers shall be so constructed that they can make long cruises with the battleships without need of repairs and can travel with ease on a rough sea, even if this necessitated a reduction of speed.

The new colliers asked for probably will have a displacement of 12,500 tons and a speed of about 16 knots, which would enable them to keep up with the battleship squadron at cruising speed.

It is believed that the recommendations of the general board in the main will receive the indorsement of the Board on construction, and finally the secretary himself.

## THE COUPLE MADE UP.

A Wealthy Farmer Agrees to Take Back His Wife.

Hamilton, O., Nov. 10.—Weller Ayres, a wealthy farmer of near Bethany, who had John E. Steinman, of Maids, and Mrs. Ayres, arrested in a Cincinnati hotel last Thursday, and who fled divorce proceedings here, will withdraw his petition. He has agreed to make up with her on account of their children, and has taken his wife back to his heart and the home which she was to leave Wednesday on an order of the court.

## Two Men Were Killed.

Pottsville, Pa., Nov. 10.—A six-ton rock which was imbedded in the side of the shaft of the East Brookside colliery fell 300 feet to the bottom and instantly killed Isaac Snow and Paul Ribley, of Tower City, and probably fatally injured John Sonk.

## Socialist Vote in Chicago.

Chicago, Nov. 10.—Next to President Roosevelt's record-breaking vote, the socialist poll for Eugene V. Debs was a feature of the election in Chicago. Mr. Debs polled a total of 41,595 votes in the city, against 5,115 cast for him in 1900.

## Driver's Skull Crushed.

Cincinnati, Nov. 10.—Harry Moser, driver's helper, fell from one of his employer's wagons on Walnut street, near the canal, Wednesday morning, and before the horses could be checked the wheels of the wagon passed over his head, crushing the skull. He died later.

THURSDAY, NOVEMBER 10, 1904

## Weather Forecast.

Rain or snow and colder to-night. Friday colder and fair, except in mountain districts.

In the year that there are no campaign funds dishonest men get a chance to vote their convictions.

AFTER a season of jollifying by the Republicans and the payment of election bets, the country will settle down to business and forgo politics for awhile.

They say the editor of the Commoner does not deny that he will be a candidate for the Presidency in 1908. Bryan is a bigger man than he was before the cyclone struck us.

If people had to sit on as uncomfortable seats at a church as at a circus, how they would roar, says a writer. This is one of the things that prove the influence of mind over matter.

The editor of the Bourbon News has been investigating the matter and finds that the turkey crop in Kentucky is above the average, and in the West turkeys are more plentiful than in years. This is not so bad, and after all we will be able to eat turkey this season.

"What a blessing it would be to the country," says an exchange, "if all the candidates would follow the example of the office seekers in Adams County, Ohio, who agreed not to use money or anything of a valuable consideration, not even liquor, to procure votes, and deposited a large sum to prosecute any one violating the agreement. There ought to be the same arrangement everywhere for it is a shame that the candidates have to submit to being robbed by a lot of worthless bums who have no influence on earth nor any sense of pride or honor."

## An Even Transaction.

A Missouri editor found a small sum of money on the street and advertised it. The next day a man dropped into the office and said he had lost a quarter. "That's what I found," said the editor. He gave him the money, and the latter started out. "Hold on," said the editor; "you'll have to pay for the 'found' notice." "How much?" asked the man. "Twenty-five cents," replied the editor. The man then gave the editor back the quarter.

## PRECINCT COMMITTEEMEN

To Be Chosen By Kentucky Democrats On the Third Monday of This Month.

To the Democrats of Kentucky: Under rules 27, 28 and 29, adopted by the Democratic State convention held in the city of Louisville on June 8, it is made the duty of all Democrats in all the counties of the Commonwealth to assemble at their respective voting precincts, except in cities of the first and second class, on the third Monday in November, 1904, at the hour of 1 o'clock (standard time), and proceed then and there to the election of a precinct committeeman.

On the fourth Monday in November the precinct committeemen thus elected are required to meet at the county seats in counties having only one legislative district, and organize by electing a Chairman and Secretary; but in counties having more than one legislative district the precinct committeemen are required to meet at some convenient place designated by the Chairman now in office, who will preside until another Chairman shall be elected. In cities of the first and second classes the committeemen for the precincts will be appointed by the members of the State Central Committee in and for the Congressional district, embracing such cities, subject to the approval of the Democratic State Central Committee; the committeemen thus appointed, after such approval, will meet and organize as in the case of committeemen who have been elected.

Chairmen and Secretaries of county, legislative and city committees may or may not be members thereof. When said committees are thus organized, the Chairman of each will send a list of his committee, indicating the precincts each one represents, to the Secretary of the Democratic State Central and Executive Committee at Frankfort. He will also report whether any precincts fail to hold an election at the time required, and, if so, indicate such precincts.

It is of the utmost importance that these details of the party organization be attended to. It is necessary to the party's success and harmony that the Democrats in each precinct should select their own committeemen, and that they should see to it that an earnest and zealous Democrat, who will give his time and attention to the work, is named in each instance.

The wife of Captain James Blackburn of Spring Station, Woodford County, died Wednesday morning and will be buried to-day at Frankfort. She was an aunt of Mr. J. C. Everett of this city.

## NINTH DISTRICT

In Doubt. But the Latest Figures Give Congressman Kehoe a Small Majority.

The Congressional race in this district is going to be exceedingly close. The Republicans are claiming it this morning by a majority of about 100. However, the figures made by the Democrats at 9:15 a. m. would indicate that Mr. Kehoe is elected by about 152.

It is utterly impossible to get anything like accurate returns from Carter county. Wire after wire has been fired to the leaders there, but for some unexplainable reason they remain unanswered. It will probably take the official count to determine the result. Following are the latest figures obtainable:

## PHYSICIAN'S GOOD LUCK.

Dr. Hart's Fortunate Experience of Special Interest to Many in Maysville.

The happiest man in New England to-day and one who is receiving congratulations from his friends, is Dr. Philip Z. Hart of Laconia, N. H. For years he has suffered with catarrh in its worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. My wife and I will swear that Hyomel cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomel."

J. J. Wood & Son is the local agent for Hyomel, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1, extra bottles 50c. They sell it under guarantee to refund the money if it does not give quick relief.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

### ATTEMPTED DEPORTATION.

It Was Frustrated By Sheriff Bell at Cripple Creek.

Cripple Creek, Col., Nov. 10.—Sheriff Edward Bell frustrated an attempted deportation of Frank P. Mannix, county clerk and recorder, a democrat, Wednesday. Mannix had been marched a mile and a half from town by three men when the party was overtaken by the sheriff and a posse. Mannix was released and William Carruthers, Carl Evans and E. E. Cornellson were arrested on a charge of kidnapping. They furnished bonds of \$500 each. Carruthers is the general freight agent of the Cripple Creek Central railroad and for several years was deputy under County Recorder Mannix. The other two men arrested are miners. Their friends say that the affair was intended to be a joke, but democrats allege that a plot had been hatched to get Mannix out of the way and tamper with the ballots which are in his custody.
